Problem:

Tape is wasteful, hard to remove and lifts vinyl edges

Solution:

SpeedClips are the best and best-selling alternative!

SPEEDCLIP

Our Idea - our Innovation - our „Baby“: SPEEDCLIP! Sorry, but this has to be said now! Over A MILLION Clips left our machines since the birth of this amazing little Helper. The majority of you already know the genius Signmaking-Gadget! Reason enough to talk about quality today! Meanwhile we get copied a lot - that's why we appeal urgently. Please check EVERY Clip closer. The genuine Yellotools-SpeedClips are all made in Germany - you can verify it with our Logo in the Handle.

We NEVER use cancer-causing extra plasticizer. Our Clips are extremely re-formable and get hand-torched and selected carefully. No scratches or damages at your high value Medias! Just do the „Bow-Test“ and also you will be a „true-believer“...!

- High-performance Plastics
- Holds Rolls up to 50m and over
- Functional „Release-Handle“
- Highly re-formable
- leaves no dents or scratches
- No Color-residues on Vinyils
- No cancer-causing Additives
