

STRATUS

STRATUS BOARD PRINT

Fully recyclable panel with 400gsm high quality coated white paper covers and kraft honeycomb mesh.
Suitable for digital printing.

High strength and stability compared to traditional foam panels.

Available in 12, 15, 20 and 30mm thickness.
Sizes: 1550 x 3005mm

- ✓ **Green product.**
- ✓ Very flat and rigid structure with maximum dimensional stability.

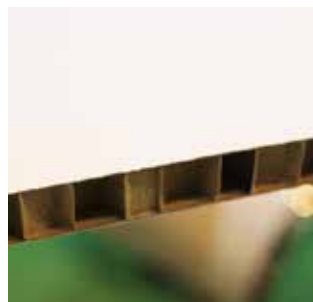

APPLICATIONS:

Ideal for indoor signage, creation of 3D displays, POP applications, etc.

TECHNICAL DATA SHEET:

CHARACTERISTICS	
Coverage	Coated white kraft 400gr/m2
Honeycomb mesh	Cell 9 127gr/m2
Static compressive strength	C9.127 4,5kg/cm2 +/- 0,2kg/cm2 Test on sample with controlled humidity (50%) and temperature(23°C)
Weights m2: +/-6%	12mm: 1,18kg/m2 15mm: 1,32kg/m2 20mm: 1,55kg/m2 30mm: 1,95kg/m2
Tolerances	Length: +/-4mm Width: +/-3mm Thickness: +/-0,3mm

Due to the hygroscopic characteristics of the paper, measurements are affected by ambient humidity conditions.
