

POSTERWALL SPRAY&UP 170GR LATUV

Description:

Special paper for interior wall decoration. It is a "non-woven" fabric of two-layer wet fiber for digital printing.

No adhesive needed, just spray the wall with water and apply directly.

Compatible with Latex and UV inks.

Also available in 200gr.

Advantages:

- ✓ PVC free.
- ✓ Reduces application time by up to 60%.
- ✓ Does not require traditional adhesives.
- ✓ Easy cleaning.
