

SPIDER WHITE GLOSS VINYL HIGH TACK 100MIC

Description:

100mic permanent monomeric vinyl, glossy finish. Also available in matte finish.
 Its solvent-based adhesive ensures that the initial tack offers greater stability.
 Compatible with solvent, eco-solvent, UV and latex printing.

Advantages:

- ✓ Maximum grip
- ✓ Strength and durability

Applications:

Suitable for indoor and outdoor applications.
 Ideal for signage, visual communication at points of sale, vehicle wrapping and large format promotions at airports or subway.
