

FILM MAGNETO TACK 700MIC

Description:

- 700mic adhesive magnetic film, ideal as a base to apply the Ferrico 180mic Film on its surface.
- Not printable.
- Premium PET base, excellent for indoor applications.
- Working Condition: The optimum temperature range is 21 °C--38°C. It's not recommended to apply while the initial temperature is lower than 10°C
- Storage Condition: 25°C and 50% humidity conditions
- Shelf life: 12 months under original packaging condition

The magnetic force is permanent and will not degrade in normal temperature without strong magnetic interference.

Applications:

Pop up displays, signage, vehicle graphics and image communication in all kinds of promotions, exhibitions and corporate events.
