

TANGO OPAQUE GREYBACK 260GR FR

Description:

High resistance 100% polyester textile.

Back in gray for greater opacity, it completely covers the vision of the support structure. Offers good elasticity for tensioned applications.

Easy to cut with conventional tools.

Textile that does not mark when folded, guaranteeing easy assembly and transport.

Compatible with solvent, eco-solvent, latex and UV printing.

Advantages:

√ Smooth finish, crease free.

√ Certificate FR B1.

√ Superb printing results.

Applications:

Ideal for pop up display systems, photocall, banners and application of images on aluminum frames.
