PRODUCT STRUCTURE	VALUE
Material	Film PP, 80 µm, white matt
Liner	Paper 140g/m ²
Adhesive	Poliacrilate semipermanent grey
Thickness	0,08mm
Adhesive weight	20g/m ²
Adhesive thickness	20mic
CHARACTERISTICS	VALUE
Bond strength on steel (after 20 min.)	3 N/25mm AFERA 5001
Bond strength on steel (after 24 h)	5 N/25mm AFERA 5001
Dimensional stability (Direction)	< -2.7% FTM 14
Dimensional Stability (Cross Direction)	< 0% FTM 14
Inflammability	DIN 4102
CHEMICAL RESISTANCE	VALUE
24h at room temperature and 4h in propanol	No change
24h at room temperature and 48h in water	No change
THERMAL RESISTANCE	VALUE
24h ambient temperature and 24h 80°C	No change
24h ambient temperature and 24h -40 ° C	No change
RESISTANCE TO HUMIDITY	VALUE
24h ambient temperature and 24h 38°C and 98% humidity	No change
CHARACTERISTICS	VALUE
Processing temperature	min. +10°C
Temperature range	-40°C to +80°C
Duration	2 years (view processing information)
Durability	2 years
