

FILM MAGNETO 500 MIC UNIVERSAL

Description:

0.4mm Rubber Magnetic sheets laminated with high opacity PET film, total 0.45mm.

Applications:

- Magnetic signs
- POP/POS Displays
- Exhibits, events, Backdrop

Technical datasheet:

Description: UV treated on Magnetized side, Mag force $\geq 24\text{g/cm}^2$, application with car sticker or metal shelf.

Grammage: 500mic

Coating type: 0.4mm Ruber Magnets

Finish: PET

Substrates: 480um (total)

100% opaque

Shelf Time: 1 year

Application Temperature: Between 10°C y 30°C

Durability: Up to 18 months indoor

Printing: Fully compatible

Sizes available:

0.62 x 20m, 1x20m, 1.27x20m
