

TEXTILE FUNKY BLOCKOUT 280GR UNIVERSAL

Description:

Double sided printing textile.
 Extra-thin finish that offers maximum print quality in photographic applications.
 Easy cut textile with conventional tools.
 Double-sided printing fabric.
 Compatible with solvent, eco-solvent, latex and UV printing.

Advantages:

- ✓ Printable on both sides for double vision advertising
- ✓ Polyvalent, ideal as a plain textile or as an alternative to polycanvas
- ✓ Good opacity
- ✓ FR B1 certificate

Applications:

Perfect to apply with aluminum profiles (bannersnapper or postersnapper) or displays such as telescope banner.

Available widths:
