

# FILM PP FERRICO 230MIC LATUV

## Description:

- Matt white PP with steel film, compatible with UV and latex printing.
- Produced with a halogen-free formula, which meets the most demanding environmental requirements. Anti-rust magnetic receptivity, steel is attracted by magnets, easy to apply, remove and change, leaving no residue.
- High quality PP base, excellent for long term indoor applications.
- Shelf life: 12 months in original packaging.
- Not recommended for use in cold areas (outdoor temperatures below 0°C).
- Available sizes: 1,07, 1,27 and 1,52m.

## Applications:

Suitable for mounting on magnetic bases, trade fairs, exhibitions, schools, training centres, supermarkets, retail shops, ideal for short-term interchangeable campaigns.
